Dear Hiring Manager, My name is Nandha Kumar, and I am from Namakkal.5 months of experience in technical support executive, data analysis, 1 year of experience as a Software Developer. I am confident that my skills and experience make me a strong candidate for this role. In addition to my professional experience, I have completed a 1-month internship in Data Analysis and a 3-month Laravel internship from December 2023 to March 2024. I am currently pursuing a Bachelor of Computer Applications (BCA) through long-distance education. Key Skills: Strong proficiency in MySQL database management, including creating, designing, and optimizing SQL statements. Proficient in PHP programming and web development. Experienced in developing and maintaining dynamic and responsive web pages using HTML,Css,Bootstrap,JavaScript,Jquery and PHP,SQL. Effectively managed customer support tasks, including email communication, generating PDF reports, and troubleshooting code issues. I am passionate about further developing my skills and contributing to your team. I would be excited to bring my experience, enthusiasm, and dedication to this opportunity. Thank you for considering my application. I look forward to the possibility of discussing how I can contribute to your team. Warm regards, Nandha Kumar R Phone: 6380993428 Email: nandhu26502@gmail.com GitHub: github.com/Nandhakumar2605
